

WATER MAKERS - THE INSIDE STORY

Aqua Pro, magnetic drive, low pressure pumps

Corrosion resistant, powder coated, aluminium frame & mounting brackets

All 316 Stainless Steel mounting hardware

Fresh water automatically diverted to tank

High pressure bypass valves, 316 Stainless Steel

Water Quality Monitor - LCD readout displays fresh water quality & sea water temperature adjustable set point, high salinity alarm, hour meter on a corrosion resistant Inconel panel

Master Control Panel - LCD readout, push button operation, low pressure protection, high salinity warning, check system indicator for diagnosis & maintenance on a corrosion resistant inconel panel

TRUE 316 Stainless Steel high pressure regulator - Eliminates risk of over pressurization

Aqua Pro, Titan Series, Titanium head, corrosion resistant high pressure pumps

VMT-Squirt 600 Plug & Play, Self contained model

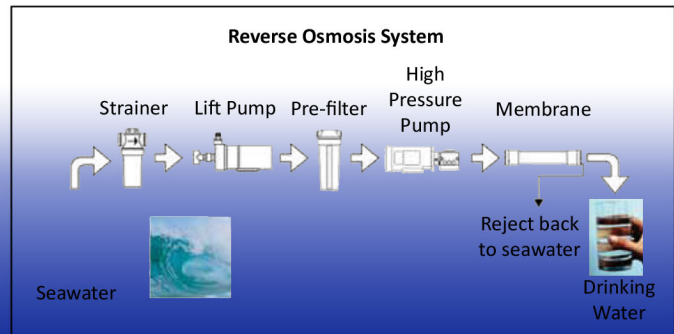

Glycerin filled, high & low pressure gauges

Integral, closed loop cleaning system

Convenient oil drain

Aqua Pro, industrial grade, pleated pre-filtration

Corrosion resistant fresh water & brine flow meters

Custom made seawater membranes

Lifetime Guaranteed - Fiberglass pressure vessels

Corrosion resistant, machined nylon end caps & manifolds

To maintain peak performance always use genuine Parker-Racor/Village Marine tec. replacement parts. We reserve the right to change our specifications or standards without notice

Air/Oil separator - Maintenance FREE! No Filters to replace

Remote Control Panel - Push button operation, LCD ppm display, audible high salinity alarm & warning lights on a corrosion resistant Inconel panel

Industrial Strength reinforced high pressure hose with Titanium wetted fittings

316 Stainless Steel Vibration isolation mounts
